

MEET THE ELDRIDGE FAMILY

AN OWNER'S CASE STUDY OF
GOLDEN SANDS HOLIDAY PARK IN RHYL

Alison Eldridge and her family have been Owners at Golden Sands Holiday Park in Wales for 5 years. This is their Ownership Story...

Have you owned a Holiday Home before?

No, we have never owned a Holiday Home previously.

How often do you visit the site?

We visit as much as possible now that I have retired. We prefer it here to being at home in Birmingham.

Typically, who do you visit with?

My husband and our two Pugs, Doug & Lilly. My son and grandchildren also come as often as they can too.

“

We looked at all of the Parks in this area, but this was by far the nicest and when we were shown around, everyone was really friendly and welcoming

”

What made you decide to buy a Holiday Home?

Initially, we bought a Holiday Home as my mum lived locally and we used to travel up from Birmingham every weekend to look after her. There was never any room to stay comfortably in her home, so we rented a caravan at first as I honestly thought my husband would hate it. But, how wrong could I have been, he loved it and that was that!

Why did you choose Golden Sands?

We looked at all of the Parks in this area, but this was by far the nicest and when we were shown around, everyone was really friendly and welcoming.

How did you find the process of buying?

Easy and straight forward.

What do you think are the top benefits of owning a Holiday Home?

We have made so many friends here, they are now like family to us. Our granddaughters love it and we make so many happy childhood memories for them. We also love the fact that we actually get to switch off from work here and have some real downtime. We have both got healthier and fitter since owning our Holiday Home. I take regular walks along the costal path and my husband has taken up bike riding again. He often now cycles from here to Llandudno, up the Great Orm and back!

“ It is a big investment not only in cost, but the investment you make in family time is priceless. We just simply love it here! ”

What is owning a Holiday Home at Golden Sands like for your family?

It's just wonderful, for all the reasons we have already mentioned.

Tell us about the Owner's Events?

There is a really good mix of different events to suit all tastes.

What advice would you give to anyone considering Ownership at Golden Sands Holiday Park?

Make use of your Holiday Home as often as you can. It is a big investment not only in cost, but the investment you make in family time is priceless! Be realistic over what you can afford. Its great to buy one, but you need to budget for ongoing costs and also budget for the possibility of site fees and other costs increasing year on year.
